

OUR PRODUCT RANGE LIST

Our Company is involved in the field of Electronic Test and Measurement, Calibration Products, Condition Monitoring Products with a well equipped support facility for adequate after sales support for various products since 1992.

We provide Lab Equipment's High-Quality Precision instruments for Research & Development in Education Institutions, Defence labs & Industries. We serve more than 800 customers includes Education, Automobile, Machinery Manufacturers, Space Research, DRDO's, Navy, Air force, other Defence units, Medical, R & D Institutions, Calibration Labs, Power Utility, Railways and Process Industries like Sugar, Steel, Cement, Rubber, Petrochemical, Paper, Textile, Chemical, etc.,

Electrical: Digital Multimeters, Digital Clamp Meters, Leakage Current Clamp meter, Digital Insulation Testers 1KV / 5KV / 10KV, Phase Rotation / Motor Rotation Tester, Thermometers – Contact / Non Contact, Thermal Imager – IR Windows, Thermal Imager with Gas Detector, Mounted Infrared Cameras, Power Quality Analysers, Earth Testers / Earth Ground Clamp meter, Battery Analyzers, Cable Locator, Anemometer, Digital Lux Meter, Solar Meter, Solar Power Analyser, Sound Meter, Sound Calibrator, Tacho Meter, HVAC Tools, LCR Meter etc.,

Electronics : Portable Isolated Scopemeter - 20 to 500 MHZ

Mechanical : Vibration Tester/ Analyzer, Laser Alignment Tools, Stroboscope, Thermometers – Contact / Non-Contact, Thermal Imager – Diagnostic Videoscope

HVAC : Temperature and Humidity Meter, Laser Particle Counter, Air Quality Analyser /Airmeter, Carbon Monoxide Tester , Laser Distance Meter and Laser Levels.

Instrumentation : Milliamp Process Clamp Meter, Multifunction Calibrator, Documenting Process Calibrator, Temperature Calibrator, Digital Pressure Gauge, Automatic Pressure Calibrator.

Accessories : All Types of Accessories for Test and Measurement Products.

Calibration

Electical Standards : Multiproduct Calibrators, Electrical Calibrators, RF Calibrators, Electrical Safety Calibrators, 6.5 / 8.5 Digit High Precision Multimeter, Power standard, Energy Calibrator, Multi Function Dataloggers

Pressure Standards : Deadweight Testers , Electronic Dead Weight Testers, Pressure Controllers, Comparators, High Precision Digital Gauges, Portable Pressure Calibrators, Gas flow calibrators.

Temperature Standards : Metrology Wells, Temperature Bath, Thermometer Read outs, Temperature Probes, IR Calibrator, Dry Well Calibrators, Thermocouple Furnace, Micro Baths, Triple Point of Water Cells, Temperature Dataloggers, Temperature/Humidity Loggers.,

Customized Integrated Calibration Test Bench Solutions

ROHDE & SCHWARZ

Oscilloscopes | DC Power Supplies | Signal Generators
 Signal & Spectrum Analyzers | Network Analyzers | Meter & Counters
 Power Meters & Voltmeters | Audio Analyzers | Microwave Imaging
 Mobile Network Testing | Modular Instruments | Broadband Amplifiers
 EMC & Field Strength Test Solutions | System Components T&M
 Test & Measurement for Broadcasting | Wireless Communications Tester & Systems

ALTANOVA
GROUP

Advanced testing and monitoring solutions

ALTANOVA GROUP

ALTANOVA GROUP

Single and Three Phase Automatic Relay Test Kit | CT, VT & PT Analyzer
 Tan Delta & Capacitance Tester | Sweep Frequency Response Analyzer
 Circuit Breaker Analyzer | Primary Injection Kit
 Secondary Injection Kit | Battery Test System
 TDMS- Test & Data Management Software | Partial Discharge Test Systems

ZERA

Multi Position, Power and Energy Calibrators, Meter and Test Systems, Instrument Transformer Test Systems, Precision Laboratory Systems, Software, Test Systems with an Integrated Sources, Reference Meter, Voltage and Current Sources, Power Sources, CT / VT / PT Test Set, Multi Position Energy Meter Calibration System.

MICROTEST
We Make T&M Easier and Better

Component Tester : LCR Meter, Precision Impedance Analyzer, DC Bias Current Source.
Safety Tester : HIPOT Tester, Impulse / Surge Tester.
Transformer Tester : Transformer Tester, Comprehensive Transformer Testing Systems.
Cable Tester : 4- Wire Cable Tester, 2- Wire Cable Tester.
Motor Tester : Motor Stator Tester, Motor Armature Tester.
Automatic Testing Equipment: Single Phase Power Meter, LIPS Testing System, Power Switch / LED Power Testing System, Universal Function Tester.
PCB Testing Equipment : High Precision 4- Wire PCB Tester
Fixture & Accessory : Component Tester, Safety Tester, Transformer Tester

AUTHORISED DISTRIBUTOR :

SINETEC AUTOMATION PVT. LTD.

COMPLETE SOLUTION IN TEST MEASUREMENT, CALIBRATION & CONDITION MONITORING

No.19, 1st Floor, Chinna Subbanna Layout, Saibaba Colony, Coimbatore - 641 011.

Phone : 0422-2450063, 2438064 Telefax : 0422-2450064 Mob : 93632 69958

E-mail : sales@sinetecautomation.com Website : www.sinetecautomation.com

Branch Offices :

Old :12A, New :25, 2nd Floor, 2nd Main Road,
New Colony, Chrompet, **CHENNAI** - 600 044.
